Tiedeman, Calder & Co. will sell at three-quarters-past 9 o'clock, at their store, hams, shoulders, &c. Henry Cobia & Co. will sell at 9 o'clock, at their store, sugar-cured hams.

PARADE.—The Delany Rifles parade this morning, and will assemble at 7 o'clock at the residence of their captain.

COTTON LOST.—Two bales of sea island cotton have mysteriously disappeared from one of the warehouses on the alley leading to Atlantic wharf, and a strict search has thus far failed to show what has become of them.

ANNIVERSARY CELEBRATION.—The fourth anniversary of Shekinah Lodge, No. 5, A. Y. M., will be celebrated this evening, at Zion Church, Calhoun street, when Major M. B. Delany will deliver the annual oration. The members of this lodge are requested to assemble at half-past 6 o'clock this afternoon at the Masonic Hall, No. 273 King street.

A STRANGER.—Mr. A. M. Jones, of England, who left Liverpool in the schooner Marion for this port, after encountering much stormy weather, was wrecked in Chesapeake Bay. The crew were saved, and Mr. Jones has made his way to our city. He is desirous of making Charleston his home, and with that object, would be glad to obtain employment in some mercantile establishment.

PERSONAL.—W. J. Magrath, Esq., the president of the South Carolina Railroad Company, who went to London in July last to negotiate the exchange of the sterling bonds of his company for the new first mortgage bonds, arrived safely in Charleston yesterday afternoon. Mr. Magrath completed successfully and promptly the delicate business in his charge, and will receive a hearty welcome from his friends at home.

DAMAGING THE POLICE.—Rachel Mazzyk, a colored woman, became disorderly in Church street on Sunday night, and, refusing to be quiet at the command of the police on duty, the latter tried to arrest her. Rachel made a vigorous resistance, and before she succumbed the blue coat of the official hung in streamers round his manly form. Having been brought before the Mayor the prisoner was sentenced to pay a fine of ten dollars or go to the House of Correction for twenty days. She went.

CLUBS AND STARS.—Lizzie Randall and Albert McPherson, arrested for disorderly and improper conduct at the corner of King and Radcliffe streets, were each sentenced to pay a fine of five dollars, or to spend ten days in the House of Correction.

Two cows found wandering on Alken's Park, were ordered to be delivered to the owner upon payment of a fine of one dollar for each. A black cloth coat, recovered from raiders, is at the Guardhouse to be delivered to the owner.

THE SILVER SPOON THIEF.—Seabrook Mills, arrested on the charge of stealing money from Mrs. Buck, and also a silver spoon, was brought before Trial Justice Magrath, yesterday morning, for examination. The theft of the money, to the amount of \$3.50, was proved, and the spoon found in Seabrook's possession, marked Julia, was identified by a gentleman as his property, stolen some months since. The evidence tended to show that the prisoner was also implicated in many of the late robberies about the city. He was found guilty, and sent to Sheriff Mackey's hotel for a term of thirty days.

A BOY RUN OVER.—Just after dark on Saturday evening a colored boy named Morton Bennett, while crossing King street, a few doors below Reid, was run over by a cart driven by a colored man named W. Green. The cart was moving slowly along when the boy was knocked down by the horse, the wheel passing over his leg. He was taken up by the crowd, which quickly collected around the spot, and taken to a physician near by. His leg below the knee was badly cut, but on examination no bones were found broken, and the wound being sewed up, the sufferer was sent home. He is doing well.

A YOUTHFUL HIGHWAYMAN.—On Saturday night, about half-past 8 o'clock, as a son of Mr. Robert Wells was passing along the streets, he was stopped by a colored youth named Damon Priceau, who, after a short conversation, knocked down the boy and stole from him fifty cents which he had about his person. The finale of the conversation was seen by a bystander, and the enterprising Damon was soon grabbed by the police. He was lodged in the Guardhouse, and having been brought before the Mayor yesterday morning, he was sent to Sheriff Mackey's hotel for twenty days under the vagrant law.

OUR STEAMSHIPS.—The stormy weather which prevailed for several days caused a detention of our usually very prompt steamships, but, yesterday, the weather having somewhat moderated, with less violence in the sea, the steamships South Carolina, for New York, Virginia, for Philadelphia, and Sea Gull, for Baltimore, all proceeded on their voyage. The elegant steamship Manhattan, of the Alder line, came into port during the stormy weather of Saturday, and is landing a large and valuable freight for all sections of the South; and the capacious and superior steamship Georgia, of the Iron Line, is expected to-day from New York with a cargo of great extent and value. The Falcon, from Baltimore, also reached here on Saturday with a full and valuable freight of general merchandise.

BURGLARY AND ROBBERY.—Between one and two o'clock on Sunday morning, a colored youth, named James Brown, entered the residence of Mr. Johnson, at No. 72 St. Philip street, and stole a large amount of wearing apparel. He was discovered by the policeman on duty while making his exit from the house with a large bag of plunder. The policeman, after a sharp chase, captured the depredator. He was lodged in the Guardhouse, and yesterday morning the case was turned over by the Mayor to Trial Justice Levy. At his examination, which took place shortly after the trial justice, Brown admitted his guilt and stated that he had effected his entrance into the house by forcing the lock on the outer door. He had gathered his plunder, consisting of several valuable articles of wearing apparel, such as dresses, coats, &c., by breaking open several trunks which he had found up stairs in a room. Not being able to give bail the prisoner was committed to jail to await his trial at the next term of the Court of General Sessions.

THE HEALTH OF THE CITY.

The city registrar reports the receipt of only one certificate of death from yellow fever during the twenty-four hours ending at noon yesterday. This death took place on Saturday, but was not reported until Sunday afternoon, and if such delays continue, the city registrar will make an example of three or four offenders. The whole of Sunday and Monday were without a single fatal case of yellow fever, and we hear of no new patients.

WEDNESDAY'S REPORT.

OFFICE BOARD OF HEALTH. }
CHARLESTON, S. C., September 11, 1871.
(One) 1 certificate of death from yellow fever received since last report.

ROBERT LEBBY, M. D.,
City Registrar.

In addition to the above, the city registrar reports two deaths from consumption, one from convulsions, one from softening of the brain, and one from scrofula.

A Tried Disinfectant.

Dr. Leiby, the city registrar, has received from the manufacturers, for distribution to the members of the medical profession, a case of Drury's Prophylactic Fluid, which was used to good purpose in 1858. The manufacturers desire to have this preparation thoroughly tested and reported upon by the profession, who may obtain samples, free of charge, from Dr. Leiby, at his office in Mayock street.

BRAHMS FOR SALE.—Saturday night, Alex. Rutledge, an old offender, about sixteen years of age, was detected in the Market, near East Bay, attempting to sell several fine Brahma fowls, which had evidently been stolen. He was arrested by the detectives, and is held for examination.

DISTURBANCE IN BROAD STREET.—Between nine and ten o'clock last night, a considerable disturbance grew out of the attempt of a policeman to arrest a disorderly colored man in Broad street, near Church. The latter made a desperate resistance, and was not captured until the policeman had been reinforced. The prisoner was at length taken to the Guardhouse, and will come before the Mayor this morning. Quite a crowd were drawn to the scene of action by the noise of the scuffle.

THE NEW MOUNTED CLUB.—The organization of this popular corps is being pushed forward with energy and success, and all who desire to join should not fail to do so at once. An extra meeting of all those who have joined or intend doing so, will be held this evening, at their room, at the southwest corner of King and Line streets. The roll of the club already shows a strong company, and as the style of uniform, hats, arms, &c., and other business of importance will come up for consideration, a well attended meeting is expected.

CRUMBS.—The hotel arrivals yesterday were "too numerous to mention." The police were paid off yesterday. Gun caps placed upon the track of the City Railway explode under the cars with a noise very much like the report of a pistol.

Henry Draine has resigned himself upon Messrs. Pillsbury and T. J. Mackey in verse, and his effusion created some excitement on the street yesterday.

Walking upon lofty stilts is becoming a favorite amusement among the rising generation.

SHARP WORK.—James Moore, a colored man, was arrested yesterday afternoon, by Officers Burke and Davis, charged with stealing thirteen dollars from Mr. B. A. Carson, on Horbeck's wharf, about a week ago. At the time of the robbery Moore was suspected, and when the matter was reported at the Detective office, a full description of his personal appearance was given. Moore concealed himself about the wharves during his occasional visits to the city, but yesterday he was seen by Officers Burke and Davis, who had the case in charge, and, without hesitating a moment, they arrested him for James Moore, although they had never before laid eyes on that worthy. Moore owned up and was taken to the Detective office, where he is held for examination.

THE DAMAGE TO THE LONG COTTON C.R.P. The following are extracts from letters received by Messrs. Stoney & Lowndes:

Ocala, Fla., September 4.
Cotton crops in our section nearly ruined by the late storms; not over a half crop can be made.

Silver Springs, Fla., September 4.
We have had two very severe storms; think the long cotton crop is cut short about one-half, corn a fourth, cane one-third.

Marion County, Fla., September 1.
The storms have seriously injured the cotton; we cannot possibly make more than a half crop; it has taken the rust and shedding off the top fruit. No mals in two weeks.

Wadmalaw, September 5.
My crop was much injured by the storms; little or no top fruit will be made.

John's Island, September 6.
A portion of my crop was very much injured by the late gales.

Their Institute being devoted to the education of youth, and each member having received a long and careful training for that purpose, the schools under their charge, as well in the various countries of Europe as in America, have never failed to win and retain the confidence of parents and guardians.

Nothing will be left undone in imparting to the pupils the best of the care a thorough education, in the highest sense of the word—not alone instructing the intellect, but with maternal care bidding and training the heart.

No distinction of religion is all that can be desired for health and beauty. The buildings are on elevated ground, about two miles from the Capital, and in the midst of an oak grove of twenty acres. It is within half an hour's drive from the depot, where omnibuses and baggage wagons await the arrival of passengers.

No distinction of religion will be made in the admission of pupils, nor will any undue influence be used over their religious principles; but, for the maintenance of good order, all will be required to attend the exercises of Divine Worship prescribed for the Academy.

From individuals or societies disposed to aid in the education of young ladies, applications for the admission of pupils, at reduced terms, will receive the most favorable consideration, that the circumstances of the school will admit.

The Scholastic Year is divided into two Sessions—the first commencing September 1st, and ending February 1st; the second commencing February 1st, and ending July 1st.
